AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances by comparison with reconciled bank balances made from statements obtained from depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased from $5,604.29 to $6,994.40 during 1960, as shown herewith. Inasmuch as there were no outstanding long term notes or bonds as of December 31, 1960 the surplus of $6,994.40 as indicated in the Balance Sheet (Exhibit A-1) was entirely current surplus.

Current Liabilities	43,285 69	38,256 50

REPORT OF ROAD AGENT

Your road agent reports a hard winter complete with flood in the fall and a great deal of ice with a storm which carried the label a "Historical" Storm on March 4, 1960.

We had a number of roads that had not been completely repaired after the previous fall flood so they were carried over to this year. Namely Russell Dam Rd., Marienfield Camp Rd., Bradshaw Rd., East & West Side Rds., at Silver Lake.

Three bridges were done over with new planks and stringers. The abutments were built up and strengthened on Long Pond, Sargent Camp and Jacquith Rds. Bridges. A total of 15 culverts were removed and were replaced with new and longer ones.

The grader has really proven its worth in both summer and winter as it now gives us three pieces of equipment to keep our roads open in the winter and graded in the summer.

The town dump still poses a problem. My only solution is to have this open on certain days of the week and to have it made available to our residents only.

My thanks to all who have helped to make our work easier and more pleasant in any way during this past year.

Respectfully submitted,

RALPH J. CLARK

Road Agent

PREVENTION IS YOUR BUSINESS

Carelessness, HUMAN CARELESSNESS, causes 9 out of 10 forest fires. Each year 200,000 fires burn over 30 million acres in the United States. This represents 5 percent of our nation's woodlands being wasted each year. Every fire takes its toll. Floods follow; stream flow is affected; timber, buildings, grazing and wildlife are destroyed – all because MANY are CARELESS with fire in and near woodland. This can be remedied. You can put an end to this shameful waste! PREVENTION is YOUR business!

YOU, whether YOU be a farmer, homemaker, business or professional man or woman, municipal, state or federal official, clerk or woodsman can play an important part in the continuing and vital prevention program.

First – by setting a good example YOURSELF – being sensible and complying with the necessary laws and regulations governing the use of fire in and near woodlands.

Second – by using YOUR individual influence in your community and valued counsel with others in insisting and encouraging them to do likewise.

The following simple rules may be used as a guide both for YOU and for them.

1. Before burning, secure a permit from your local forest fire warden – the law requires it.
2. Be sure to properly supervise your burning – don't leave it.
3. Make certain your fire, camp or debris, is DEAD OUT before leaving it.
4. Don't throw down lighted matches, cigars and cigarettes or from moving vehicles – make sure they are out – use your ash tray.
5. Don't burn at home – use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires 0.
Number of acres burned 0.
Number of permits issued 157.

Article 4: Motion was made and voted upon to leave the choice of Auditors up to the School Board.

Article 5: Mrs. Gilman made the motion that the school district raise and appropriate the sum of $49,303.04 and to authorize and direct school board to apply against said appropriation such income as is estimated by the school board exclusive of state aid to be received by the school district during the next fiscal year, to authorize the school board to apply against such appropriation the sum received from state aid and with the school district clerk certify to the selectmen the balance as an assessment to be raised by the town for school purposes.

Mr. Davis made an Amendment to this motion to reduce the budget to $47,793.04 purposely to do away with raises in teachers salaries. This amendment was defeated and the original motion passed.

Article 8: Motion was made to see if the district will vote to raise and appropriate the sum of One Hundred Fifty Dollars ($150.) as the district share of support for Educational TV station WENH. After some discussion and an explanation from Mr. Clark the motion was passed.

Article 9: Mr. Colony made a motion to see if the district will authorize the School Board to withdraw from the Capital Reserve Fund the sum of Three Hundred Dollars ($300.), which was voted in 1958, for the improvement of the playground of Wells Memorial School. The motion was passed and a committee consisting of Gordon Getty, Ray Phillips, Ralph Clark and William Bemis was appointed to carry this out.

Article 10: The question was asked about voting town money to pay pupils tuition to a private school. Mr. Clark is to obtain information and report on this.

SUPERINTENDENT'S REPORT TO THE HARRISVILLE SCHOOL DISTRICT

It is a pleasure to submit my second annual report.

Strengthening the elementary school today requires the combined effort of parents, community and teachers all working towards better education for our future leaders of tomorrow. Our children are going to face and combat a much more difficult fast changing world than we ever did. The success of our democratic society to hold fast and succeed in world tension today will depend upon the education we are willing to give our chilldren. We all want good schools but the increasing tax burden poses a difficult problem to all of us, and many believe our local taxation has been stretched to the breaking point.

Those of us who work with your children are willing, at any time, to help you in understanding the school problem and program. We urge you to take advantage of this. Know your school, the schools' program, and the schools' objective. With such a background common to all I am sure that we can continue to forge ahead towards consideration and solution of future problems. It is true that in all school systems there is much that we can praise and point to with pride, but there is always room for improvement. We must build upon that which is known to be valid and good, and hold fast to what we have achieved as we move forward.

PAUL L. CLARK
Supt. of Schools

PRINCIPAL'S REPORT

TO THE CITIZENS OF HARRISVILLE:

Again it is my pleasure as Principal of Wells Memorial School to make my annual report.

School opened in September, 1960 with an enrollment of 90 distributed in the following grades:

Mr. Wyman, Grades 7-8	23
Mr. Burbank, Grades 5-6	28
Mrs. Wyman, Grades 3-4	19
Mrs. Libby, Grades 1-2	19
	90

Since September we have lost one pupil that moved out of town, and have gained three making a current total of 92.

Miss Joanne Beaudoin former third and fourth grades teacher was forced to resign during the summer because of extended illness, and Harrisville was fortunate to secure Mrs. Harriette Wyman of Keene to fill that vacancy. Mrs. Wyman taught grades 7 and 8 in Bedford, New Hampshire and then substituted in all grades for two years before retiring from teaching to bring up her family of three children. Last year she taught English in grades 8, 9, and 10 in Alstead, New Hampshire.

Mrs. Marian Sabin resigned at the end of the school year to accept a one grade position in Troy, New Hampshire. Her position in grades 5 and 6 here was filled by Thomas Burbank who is a newcomer to the field of teaching.

Mrs. Sabin is sincerely missed here at Wells Memorial School. She was a very worthwhile member of the staff and gave much to the persons who came in contact with her. We wish her much success in Troy.

This year Mrs. Wyman's room has been interrupted several times for voting purposes. This is unfortunate and much classroom time was lost because of it. It is hoped in the future that some arrangements may be made to avoid such confusion. A school's primary purpose is to dispense learning.

This year only one cadet teacher has been assigned to Wells Memorial School. Mr. Raymond Clark will work in grades 7 and 8 during the last quarter. Mrs. Scott, the Art Supervisor, will have an art major cadet teacher working with her for the second semester.

Mr. Kenneth Hewitt, Helping Teacher, has proven invaluable in handling many details that make the administration of Union #38 run more smoothly.

To Damon Russell, former Helping Teacher, now with the New Hampshire State Department of Education we wish much success.

Mrs. John Care is now teaching the Natural Science Course in grades 5 and 6. She replaces Mrs. Hester Underhill who resigned last winter.

With matched funds from Harrisville and the Federal Government $300.00 worth of new science equipment has been added to the science aids now available for the instruction of the pupils in Wells Memorial School.

On several occasions the window in the door of the school has been broken and unknown persons have entered the school. This is unfortunate as the taxpayer's money could be put to better use than to repair unnecessary damage. All citizens should try very hard to impress the young people in town how wrong this vandalism is.

The instruction at Wells Memorial School remains superior. You are to be congratulated because of your honest desire to give your children the very best.

This year the Testing Program has been expanded to include the Iowa Silent Reading Test. This test was given in grades 4 through 8. These test results will give us still more concrete information concerning our pupils' abilities, and where we need to place more stress.

Grades 5 and 6 in late May attended Otter Lake Conservation Camp in Greenfield, New Hampshire for a week of outdoor education. It proved to be a stimulating experience and one of many rewards for the children that attended. This is a wonderful opportunity you have given the pupils of Harrisville and one that should be continued to be given.

Again we, the staff of Wells Memorial School, invite you to visit us at the school. You are always welcome and we look forward to seeing you.

RICHARD W. WYMAN
Principal
